# G-DRIVE™ USB-C™

## Stylish, high-capacity, reliable storage

The G-DRIVE USB-C external drive delivers reliable, high-capacity storage in a compact, stylish package. Featuring a versatile USB 3.1 Gen 1 interface to meet the needs of the creative enthusiast, this drive is encased in an all-aluminum enclosure that looks as good on your desk as it does on a shoot. It's designed for storage-intensive, multimedia files, including HD video, photos, and music. With support for up to 45 watts of USB Power Delivery through the USB-C port, this drive can charge your compatible MacBook or MacBook Pro without having to take a separate MacBook charger out of your bag. The G-DRIVE USB-C external drive is plug and play on Mac and can be easily reformatted for Windows®. Plus, it's Time Machine ready so you're able to quickly back up all your files.
