

Ensure the Availability of your Network Storage with G-Technology Support Services

Ensuring the availability of your G-RACK 12 device is a critical part of your data protection strategy. G-Technology has made selecting and obtaining the best level of support for the entire life of the product easy and affordable. Getting your support plan from G-Technology ensures dependable delivery of results and lower total cost of ownership. Service plans for your G-RACK 12 devices are offered at different levels to best meet your needs.

- **Warranty Support** – Included with each G-RACK 12 purchased and is geared toward customers seeking a simple support solution. During the warranty period, it includes access to global technical support during local business hours by phone or email.

In addition to Warranty Support, we have enhanced support plans: Silver, Gold and Platinum available in 1, 3 or 5 year terms

- **Silver** – Includes software support and maintenance releases. Included for the 1st year from date of purchase of your G-RACK 12 or G-RACK 12 EXP.
- **Gold** – Includes everything in the Silver plan, plus 24 x 7 x 365 access to global technical support, next business day and on-site hardware replacement.
- **Platinum** – Includes everything in the Gold plan, plus same day hardware replacement within 4 hours¹.

NOTE: The support tier you select must be purchased for both your G-RACK 12 and G-RACK 12 Expansion units.

Additional Service Options

The following options are available for purchase with all service tiers listed above. It may also be purchased for systems covered only by warranty:

- **On-site Installation** – G-Technology’s on-site hardware installation provides for the one time installation of the G-RACK 12 at the customers location on the next business day after delivery.
- **Remote Installation** – G-Technology’s remote installation provides customers an engineer who will assist with the installation and configuration of the G-RACK 12 remotely.
- **No-Return Service** – This service offering provides customers with the option to receive replacement HDD(s) part without having to return the defective HDD(s).

Technical Support

Gold and Platinum customers have access to our technical support engineers 24 hours per day, 7 days per week.
